

# Ticket Printing Instructions

All of your ticket information is captured within the QR code featured in your mobile ticket email. A QR code is a type of barcode that must be scanned when entering the theatre. If you don't have a smartphone you will need to bring a printed copy of your mobile ticket to the theatre.

Below are some step-by-step printing instructions. These may differ depending on which device you are using (PC, Mac, Tablet).

- Step 1** Open your mobile ticket email
- Step 2** Click on file in the top menu and select print
- Step 3** Choose your printer (Destination)
- Step 4** Select A4 paper size
- Step 5** Tick the 'Background Graphics' option
- Step 6** Press the Print button
